

SPRING / SUMMER 24

D'S
damat

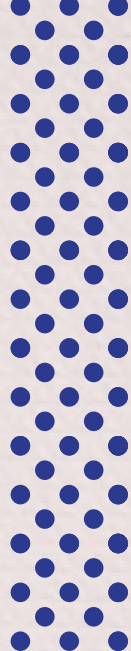

D'S damat is worth it for you to
live the summer to the fullest.

*Everywhere you are with it in the
chaos of the city is actually summer.*

*Light fabrics are the
main character of the
collection based on comfort,
elegance and
modern minimalism.*

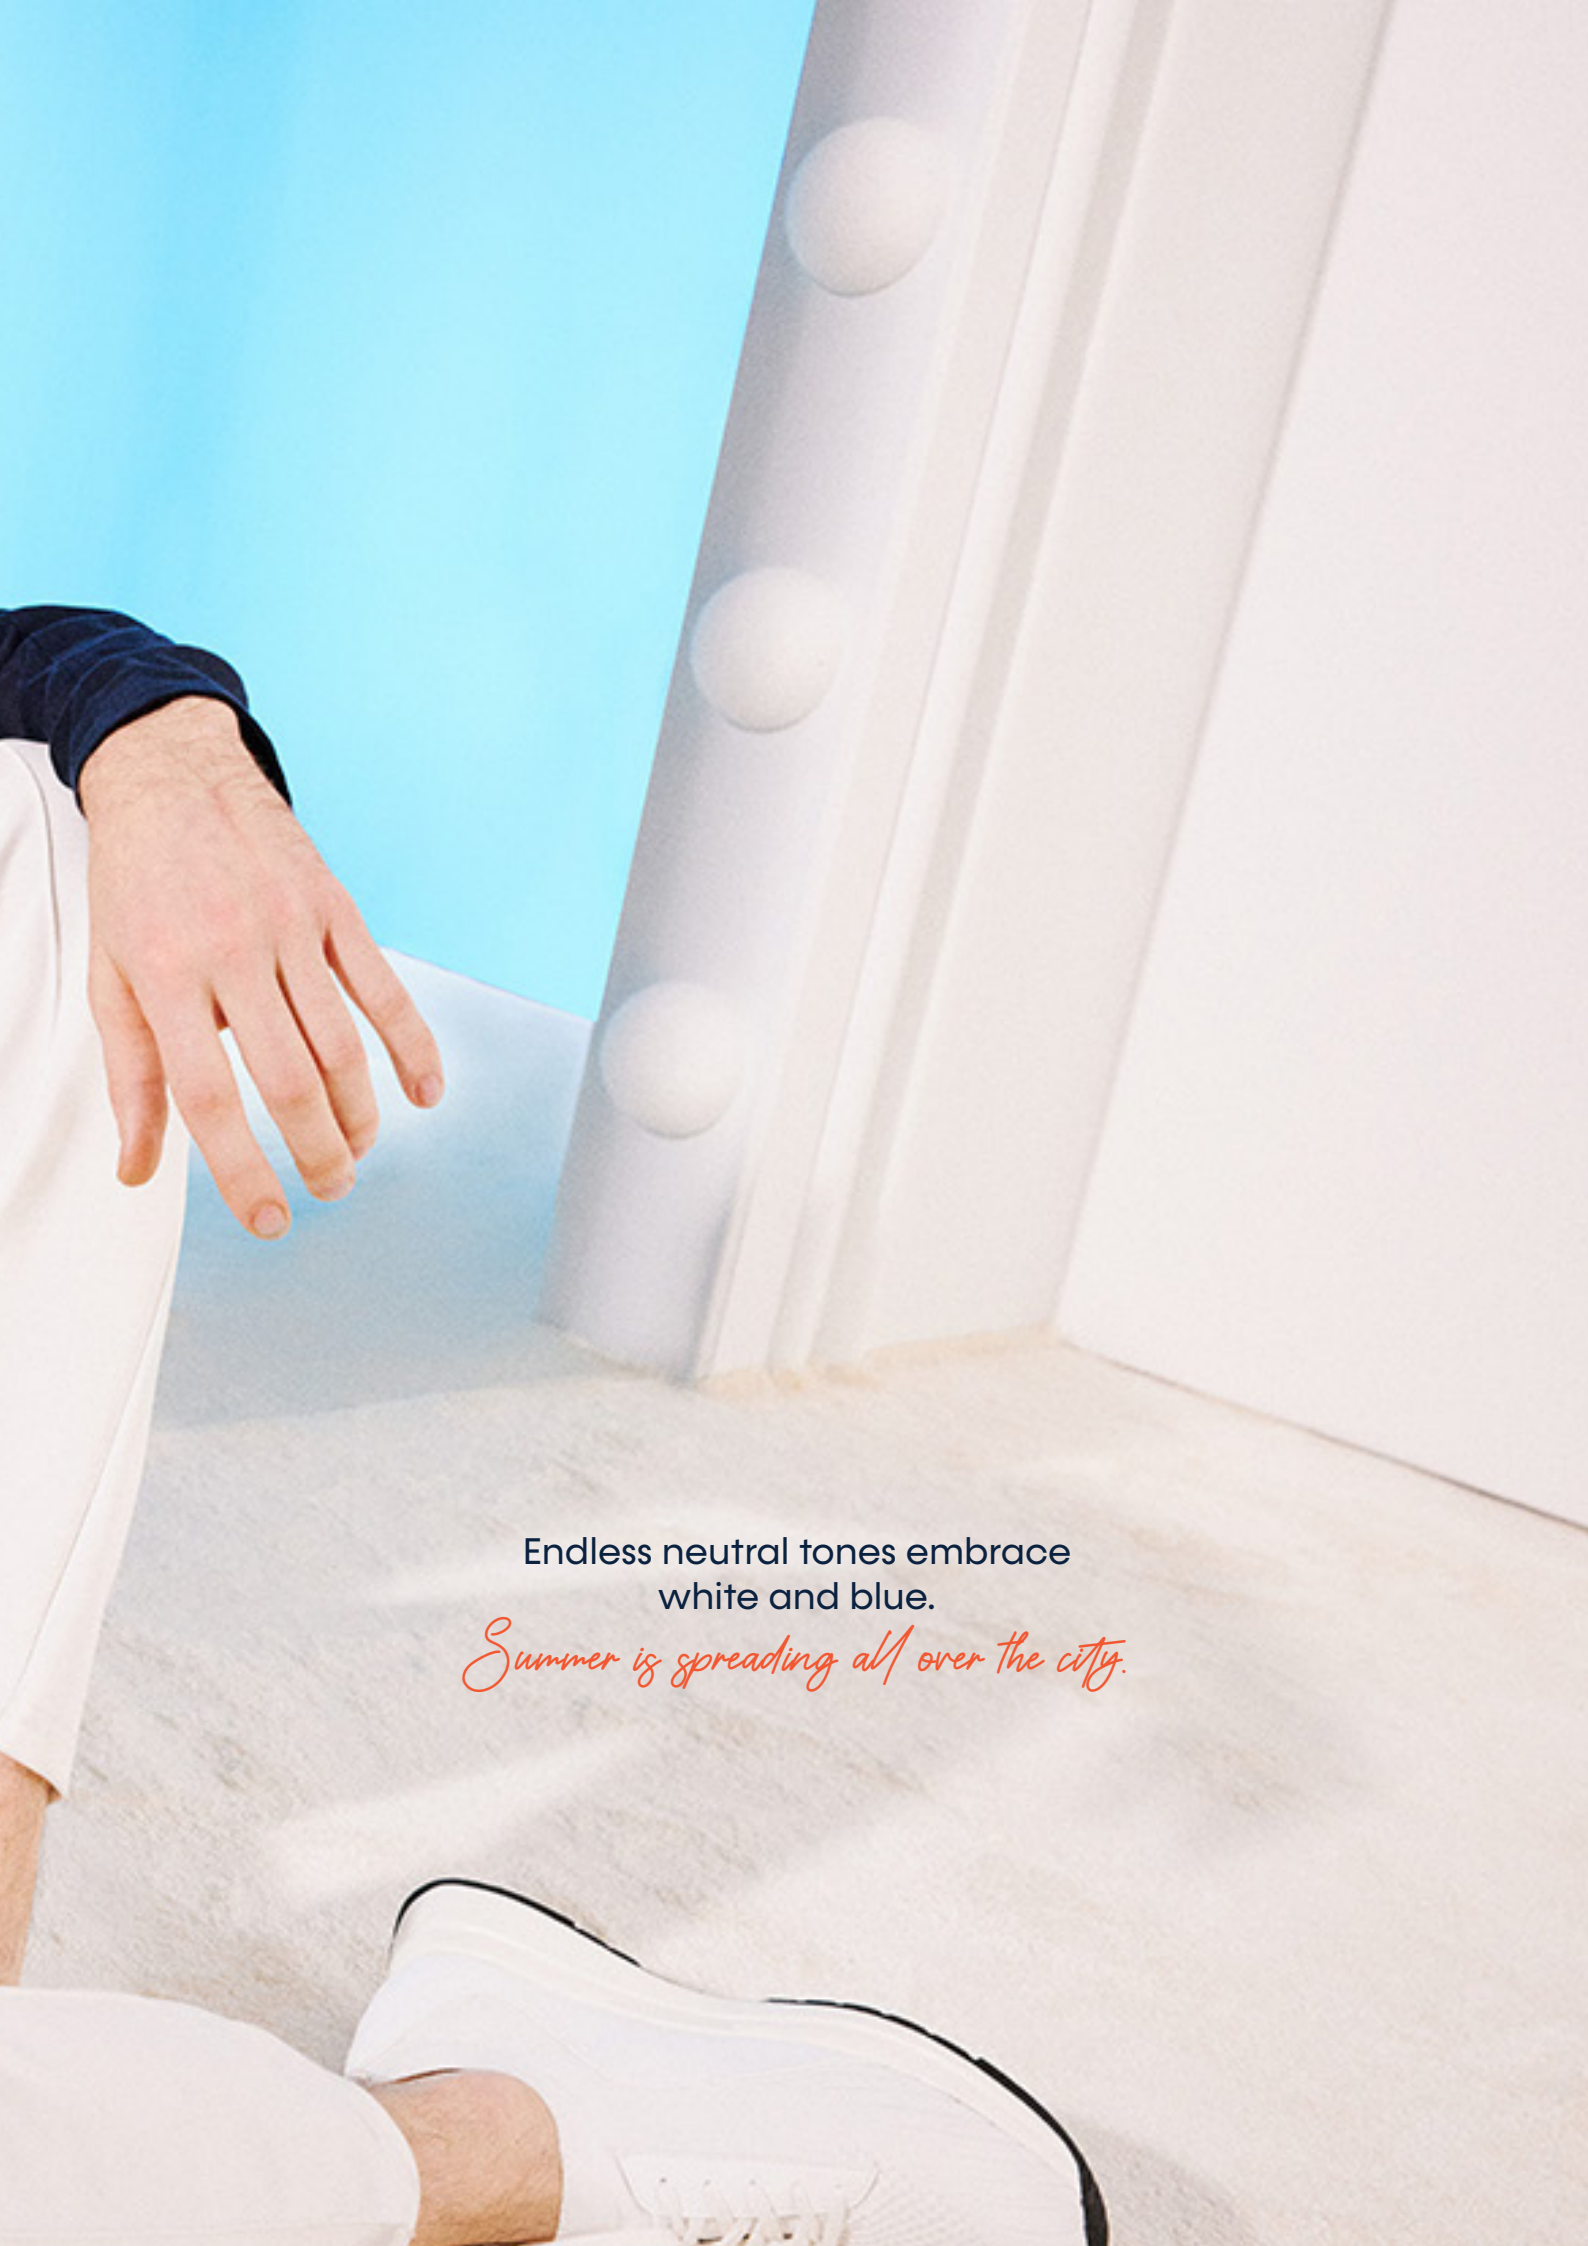

A photograph of a person's hand and leg in a minimalist, modern interior. The hand is resting on a white surface, and the leg is wearing white sneakers. The background features a bright blue wall and a white wall with three large, white, spherical decorative elements. The floor is a light, neutral tone.

Endless neutral tones embrace
white and blue.

Summer is spreading all over the city.

Elegance and comfort in the same pot.
Whether you're on the beach or in the plaza,
the comfort of summer is always with you.

A lush garden scene featuring a variety of plants. In the foreground, there's a large, smooth, orange-colored sphere, possibly a decorative object or a piece of pottery. The garden is filled with green foliage, including tall grasses with yellow variegation, red flowers, and dark green leaves. The background is a dense wall of greenery.

You are invited to a dazzling
summer with a collection
where every piece is carefully designed.

Get ready to bloom everywhere you step, embrace the sun and
live summer to the fullest.

And that's the moment of the season:
the peak of elegance!

*After all,
summers are not without invitations and
invitations are not without tuxedos.*
