FALL / WINTER 25-26

DEEP TONES

The Fall/Winter 25–26 collection reimagines the modern man's subtle dialogue with daily life through timeless elegance. The calming strength of neutrals, the warmth of camel, and the cool touch of ice blue merge to create a refined yet striking balance within the wardrobe. From the serenity of interiors to the openness of distant horizons; between the coldness of concrete and the softness of nature, layered knits and tailored coats find their perfect harmony.

OF WINTER

QUIET

This season, D'S damat places the silence of tones at its core. Shades of ecru and grey meet the depth of cherry in an unexpected contrast, giving the collection both strength and grace. Long coats move with protective elegance, while tone-on-tone knitwear layers into seamless wholeness. Leather and suede details bring tactile refinement, uniting function and aesthetics within a single silhouette.

ELEGANCE

MODERN

The collection's tactile story unfolds through the harmony of wool, velvet, and knits. These materials provide both warmth and freedom of movement, offering effortless comfort for winter days.

The calm palette of ecru, grey, and camel mirrors the stillness of winter, while the coolness of ice blue and the warmth of cherry add depth and emotion. Here, colors are more than tones they are expressions of the season's spirit.

TEXTURES

TIMELESS

With attention to detail, premium fabrics, and pure lines, D'S damat redefines modern menswear through a timeless and functional approach. Each piece is designed to leave a lasting impression in the wardrobe.

JOURNEY

BEYOND

This collection is more than clothing; it is a warm memory shining through the greyness of winter, a brief pause in the rush of everyday life. With "Deep Tones of Winter," D'S damat invites the modern man on a timeless style journey.
